

CALDWELL YMCA AQUATIC CENTER CLOSURE

April 2026 | Member FAQ

The Caldwell YMCA aquatic center will undergo important upgrades throughout most of April. These improvements will help keep our pools safe, enjoyable, and in excellent condition for years to come. Here are answers to common questions to help you plan ahead.

Why is the aquatic center closing in April?

We will temporarily close to repair the pool liner, update overhead lighting, and complete several additional facility improvements. These projects require the pools to be drained and the work areas to be fully accessible, so the entire aquatic center must close during this time.

How long will the closure last?

The aquatic center will be closed for the majority of April 2026. We will reopen as soon as all repairs are complete and safety checks are finalized. Updates will be shared as the improvements are made.

What parts of the Aquatic Center are affected?

All aquatic areas will be closed, including the Lap Pool, Rec Pool, River, Slides, Hot Tub, and Steam Room.

Will other areas of the facility remain open?

YES! All non-aquatic amenities remain open, including the weight and cardio floor, studio classes, courts, and dry saunas. We encourage you to check out other facility amenities such as studio classes and our new EGYM equipment!

Will my membership be affected?

We understand that the aquatic center is a big part of many members' routines. We encourage you to use other pools at any of our Treasure Valley Y branches during this time:

- Tomlinson South Meridian YMCA
- Downtown Boise YMCA
- West Boise YMCA

If you have additional concerns regarding your membership, our team is happy to discuss options that are best for you.

What happens to swim lessons and aquatic programs?

Caldwell YMCA swim lessons and water fitness classes will be paused. We encourage you to explore alternative fitness offerings during the closure.

- Additional studio classes geared towards aquatics users and aquatic fitness at the Caldwell YMCA
- Join us for pop-up social gatherings with your favorite Caldwell Y Aquatics Instructors
- Check out other facility amenities such as studio classes and our new EGYM equipment!
- Water fitness classes and lessons are still available at our West Boise, Tomlinson South Meridian, or Downtown Boise locations. Find classes on the YMCA360 app or sign up for lessons on our website.

How can I stay updated on the reopening?

Major announcements will be sent by email and through the YMCA360 app. For weekly updates, construction photos, and alternative workout ideas, text #CaldwellYPool to (513) 750-9622.

Who can I contact with questions?

Our team is here to help! Please call us at 208-454-9622 or email at caldmemb@ymcatvidaho.org.
